Navigator™ NVE

Multi-purpose portable balances for the classroom:

- The practical space-saving design allows for stackable storage together with the AC adapters.
- Integrated overload protection system.
- Advanced software allows to lock the menu settings and offers multiple connectivity options.

Scout® SKX

The next generation of portable balance:

- Superior overload protection and practical stackable design for convenient storage.
- Bright backlit LCD and 4 button operation make the new Scout® easy to see and use.
- Multiple connectivity options are available for data logging and communication.

FRONTIER™ Mini Centrifuge

Powerful, mini centrifuge for simple, quick liquid separation:

- Quiet, safe, easy one-step operation.
- Low voltage power input, quiet motor, and rubber base keeps operational noise to a minimum.
- 8 place 1.5/2mL tube rotor as well as a 4 place PCR 8-strip tube rotor to accommodate 0.2mL 8 strip tubes or 32 individual PCR tubes.

PR series

Designed for routine weighing applications:

- Basic functionality for routine weighing applications.
- Designed for uncomplicated operation with easy-to-use display and interface.
- Smart design and durable construction.

Guardian 2000 Hotplate Stirrers

Rugged analog hotplates and stirrers for general purpose heating and stirring:

- Powerful stirring and fast heating at an economical price.
- Rugged metal housing with spill resistant design for long life.
- Prominent hot top indicator.

Guardian 3000 Hotplate Stirrers

Affordable digital hotplate stirrers designed for safety, powerful stirring and rapid heating:

- Safe powerful stirring for general laboratory use.
- Two independent safety controls.
- Rugged metal housing with spill resistant design for long life.
